

AIMS

International Journal of Theology, Philosophy and Science (IJTPS) is an international journal dedicated to the areas of philosophy and theology. This journal publishes high quality and original scholarly papers written at the junction between philosophy, theology and science.

The *International Journal of Theology, Philosophy and Science* is an Open Access Journal. Users have the right to read, download, copy, distribute, print, search, or link to the full text of articles. IJTPS, is a journal published and promoted at international level by Ideas Forum International Academic and Scientific Association (IFIASA).

IJTPS provides the opportunity to examine the altogether truth-claims found in theology, philosophy, and sciences, as well as the methods found in each discipline and the meanings derived from them.

Theology and Philosophy are the basis of intellectual and scientific life. The study of Philosophy developed considerably, as did Theology and the sciences.

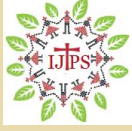

This interdisciplinary Journal presents a scientific balanced picture of the possibilities inherent in human discourse revealed by God's vision and Science.

The Journal is published two times a year in November and May.

PURPOSE

The *International Journal of Theology, Philosophy and Science*, includes topics such as: the future of interdisciplinary research; the unity of the arts and sciences; philosophy, especially philosophy of religion, metaphysics, and philosophical ethics, systematic theology. Scientists and technologists, on the other hand, may find here new insights and/or more complex attempts of understanding

possible short-term as well as long-term implications of their research work for the life of human individual, communities, and the natural environment.

IJTPS explores the vital interconnections between knowledge, ethics and faith, interdisciplinary evaluated. Page | 2

This Journal provides a platform for the latest scientific theological and philosophical research, encouraging approaches from different areas and convictions.

Our access Journal, through its accessible results of scientific research contributes to an uninterrupted educational process in the contemporary society.
